Mr. Robert Pajamaki stated that he did not have any concerns with the actual application or proposed use but that he felt the legal description of the subject property was incorrect. A search by the Clerk revealed that Mr. Pajamaki was correct as the information in our system as supplied by the Municipal Property Assessment Corporation did not match the actual deed of the property.

In order to ensure that there was no confusion about the property under discussion, Council ended the public meeting and requested the Clerk to re-circulate the Notice.
