

Policy No.: 23 Date Approved: April 11, 2006 Approving Resolution: 2006-92	Procedure: <b>Emergency Services Billing Practices</b>
----------------------------------------------------------------------------------	-----------------------------------------------------------

Purpose

Conmee Emergency Services has been asked to present a policy for when the department will be billing for services rendered.

Policy

When a company or industry is working for profit within the Township of Conmee, and that company does not benefit the tax base of the Township by the payment of taxes, and that company requires the services of Conmee Emergency Services, the company or industry involved will be billed for services provided on a cost recovery basis.

This cost recovery may include machine and man time, as well as consumables used, such as foam. Billing shall be done by the Chief or his designate.
